APPENDIX - LEARN MORE ABOUT OUR ARTISANS

THE BRAND

The SPD Artisan Collab brand is conceived and built on three important ethos—Craftsmanship, Collaboration and Social Empowerment.

The brand celebrates the skills of differently-abled artisans through the provision of meaningful vocational training and employment. Each hand-stitched product represents the tenacity of our artisans overcoming their personal odds and difficulties in crafting.

CRAFTSMANSHIP

Traditional Art of book binding and leather crafting

Our craftspeople begin the bookbinding journey here with unique cutting precision through sturdy construction of book blocks and direct measurement of book dimensions.

Pages of the books are hand sewn and fabric are delicately bounded over to make a hard cover fabric bound book.

"I wanted to let you know that the watercolor journal arrived earlier in the month. And it is beautiful."

- Sally Hamaji, US
